

Telephone Office To Be Moved To Tahoe City Soon

Chamber Votes Opposition To Losing District Headquarters

The Truckee Chamber of Commerce Tuesday went on record as opposing discontinuance of the business office of the Pacific Telephone Company in Truckee and at the same time voiced support for a similar office at Lake Tahoe, if one is required there.

Charles Berlenbach, Tahoe City office manager, explained to the chamber directors that the Truckee office will be discontinued and a new office established at Tahoe City this winter. He said the change was being made as an administrative convenience, putting the business office in the center of the district which it serves.

Chamber directors, while not opposing an office at Tahoe, were emphatic in their expressions over the loss of one of the community's assets, and stressed the fact that with the development of this immediate area potentially brighter than for many years past, it was not conceivable that a major company would remove a facility which has been located here almost since the community was founded.

Berlenbach explained the economic soundness of his company's plan, and declared it would be possible through the new arrangement to offer better service to the entire area.

Christmas Party

Rev. Wesley Osman, chairman of the Christmas Party committee reported that the community program will be held in conjunction with the Donner Theater-Sacramento Bee party on Friday, December 23rd. Detailed plans will be worked out by the committee comprising members of several local organizations.

Bus Project

A suggestion that a shuttle bus schedule between Truckee and Donner Summit be established was discussed and it was decided to hold a second meeting next Tuesday at noon at Smart's to go into the matter more in detail and determining the wishes of those involved.

Hal Welch, chamber president presided at the meeting held at Smart's.

RACES TO BE TOPIC OF SKI CLUB MEET

The Squaw Valley Lake Tahoe Ski Club will meet at 8 o'clock in the Tahoe City Community Center Friday, November 25th, with William Briner presiding.

Sophie Baker will provide the entertainment and the ski races to be held at Squaw Valley next Sunday will be discussed.

The races will include the turkey trophy race with A, B, C, and veteran skiers competing.

Daughter For Roses Arrives At Hospital

The first daughter of Mr. and Mrs. Robert Rose was born in Tahoe Forest Hospital on Tuesday morning. The petite child, named Vickie Lynn, weighed a half ounce less than five pounds upon arrival.

Mr. and Mrs. A. R. Ghirard are the little girl's maternal grandparents.

Kin Of Local Family Expires In East State

Mr. and Mrs. I. Firpo have learned of the death of the great grandfather of John, Stephanie and Victoria Firpo which occurred in November in Massachusetts.

The deceased, William Winthrop Kent, age 96 was known throughout the world as an architect and author. He was a graduate of Harvard where he had helped to establish the Lampon, student magazine and later designed famous New York churches, Carnegie libraries and other buildings in the metropolitan area. Kent was a member of the architectural firm of Jardine, Kent, & Jardine.

Salesman Expires

N. F. Dolley returned last week from San Mateo where he took the body of Murray Schoolman who died here from an apparent heart attack.

The deceased, age 63 was well known throughout this vicinity where he had stopped frequently for the past 30 years while traveling for his firm.

NAUSS HERE—

Mr. and Mrs. Charles Smith have as their guest L. C. Nauss of Eugene, Oregon, father of Mrs. Smith. The visitor is a former local resident.

MARRIAGE LICENSE—

Michael H. Meadows, 18 of Truckee and Lucille Stahl, 16, of Redding applied for a marriage license at Reno, Nevada last week.

Ice Rink Is Being Prepared For Use By Local Groups

After weeks of preparation, the ice rink across the Truckee River from town, is nearing completion, Hal Welch, chamber of commerce president, announced.

The pond is in the same location as the one built 15 years ago on Truckee Public Utility District property. It has been cleared out, patched to prevent leaking and is now partially flooded. Some work remains to be done, Welch said, but it is about ready for use.

The warming hut has been reconstructed with materials and much of the labor donated through the efforts of Jack Neugebauer.

It is proposed to turn the rink over to some local club or individual to keep it cleared and in shape. A small concession booth for the purpose of dispensing coffee, soft drinks and hot dogs is being considered.

Welch said he would bring the matter up at the next meeting of the chamber for discussion.

Water Compact Group Is Formed

A. M. Barton, chief engineer for the state reclamation board, has been named chairman of the California commission for developing an interstate compact with Nevada for distribution of the waters of Lake Tahoe and the Truckee, Carson and Walker Rivers.

Hubert Burns, chairman of the Alpine County Board of Supervisors, was elected vice chairman and Harvey O. Banks acting state engineer, secretary at a meeting in the Capitol yesterday.

Other members are Cecil Edmunds of Truckee, Nevada County; William A. Bechdolt of Tahoe City, Placer County; Franklin Rehbeck of Bijou, El Dorado County; and Leland R. Charlebois of Topaz, Mono County.

The commissioners will meet in Sacramento December 20th to outline a budget and work program.

HES CARDINAL GETS STORY FOR WORK ON LOCAL ROADS

The Truckee maintenance station of the California Division of Highways and Equipment Operator Heslin Cardinal are the subjects of a feature article in the Winter, 1956, issue of Home & Highway, publisher magazine of Allstate Insurance Company.

The article describes the work of the highway division in keeping the Donner Pass open the year around in spite of heavy snow in winter and rockslides and flash floods in summer. More than 12,000 vehicles a day on the average drive through Donner Pass on U.S. 40, the article states.

"Home & Highway" describes Cardinal as a "quiet, hawk-faced man who carries 155 whiplash-free pounds on a five foot-six inch frame" and who has made a career of the mountain highway maintenance crew. His longest period off the job came in World War II when he served in the U.S. Navy. The article relates how his ship was sunk and he spent ten hours in the water before being rescued. This resulted in arthritis in his back which hampered his return to his old job for a time.

He's exercised to strengthen his back and rejoined the highway crew. Except for periodic checkups he hasn't missed a working day since his return, the article says.

The "Home & Highway" tribute to the highway maintenance service is illustrated with full-color photographs of Donner Pass, the highway crew at work, and the Cardinal family.

Grouse On Lawn

Six fat grouse made their appearance in the yard of Mr. and Mrs. Frank Giovannoni last Thursday morning, probably forced into the inhabited area by the sudden snow storm.

SPECIAL SERVICE—

Rev. Wesley Osman will hold a special Thanksgiving Day service today at 11 o'clock in the Methodist Church.

Senator Johnson Objects To Terms Of Road Report

Lawmaker Says Only Four
Millions Necessary To
Aid Olympics

SACRAMENTO (CNS)—One of the original boosters for the Squaw Valley site for the 1960 winter olympic games has differed sharply with state highway officials on highway improvements necessary or desirable for success of the games.

Harold T. Johnson, state senator from Roseville, declared that only \$4 million in road improvements would be necessary for success of the 11-day event.

Johnson said many of the highway projects mentioned in a report from George T. McCoy, state highway engineer, which would cost from \$20 million to \$60 million, would be permanent improvements to US 40 and US 50 and would not be essential to successful attendance of the games.

Johnson, in a statement to the press, declared:

"Actually, the only highway improvements which can be considered to be essential to the success of the olympic games at Squaw Valley are those on Highway 89 from Truckee Wye to Tahoe City and the road from Highway 89 to Squaw Valley.

"The total cost of these projects is less than \$4 million, and the major part of that cost for the Highway 89 improvements which should and will be done eventually to take care of the normal Lake Tahoe traffic."

Of McCoy's estimated \$1,400,000 additional cost for snow removal, Johnson said the estimate represented an accelerated snow removal program for the mountain highways, only a small percentage of which would be spent for these olympics.

"Much of the highway construction included in McCoy's report consists of projects already completed, under construction, or financed," Johnson declared.

EMPLOYMENT OFFICE OPENS DECEMBER 2

Raulin J. Silveira, manager of the Auburn office of the state's department of employment, has announced that the itinerant service for the Truckee-Tahoe area will start here on December 2nd.

Office personnel will be at Capitol Hall in Truckee between 10:00 a.m. and 2:15 p.m. on that date and will provide service for local applicants every two weeks thereafter until it is determined that the need no longer exists.

Mrs. Betty Anderson and Mrs. Dorothy Threlkel of the Auburn office will accompany Silveira to Truckee on the initial visit.

Anyone with employment or unemployment problems is invited to visit the local office.

RILEY ACT WILL BE USED IN COUNTY

Although the Nevada County Board of Supervisors last week did not get an opportunity to act upon a proposed zoning ordinance, they did invite the division of housing, state department of industrial relations, to enforce the Riley Act.

This act gives state division of housing officials authority to act in preventing undesirable public housing facilities and multiple dwellings being erected in conflict with state laws.

The act does not regulate private residential buildings, but in event the ordinance is passed, state officials, under the Riley Act, can assist in enforcing terms of the ordinance.

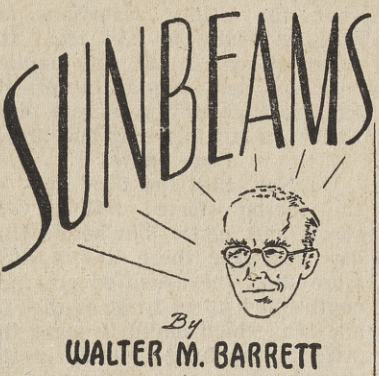

John Jamison, field representative for the state division, presented the plan to the board.

In South—

Mr. and Mrs. Wesley Donaldson and son Rex of Tahoe City are spending this week in Los Angeles visiting her mother and other relatives.

To Squaw—

Mr. and Mrs. M. R. Avila who have been working for Milton Hogle at Soda Springs for several years are going to live at Tahoe City this winter. Avila will work at Squaw Valley Lodge.

We are this week observing two special days which we believe should be observed every day of the year. The first, of course, is Thanksgiving which we are observing today with feasts and prayers of gratitude for the bountiful blessings which have been bestowed upon us by the Supreme Being. The second special day, declared by President Eisenhower as Safe Driving, will occur December 1st. It is rather fitting, we believe, to observe these two days throughout the year. There are few days in which we are unable to count our many blessings and we know there is never a day when safe driving does not pay off. So why not adopt these two special days as everyday routine and practice them constantly.

With Thanksgiving all but over, thoughts naturally now turn to our next big holiday—Christmas. Let us this Christmas make it more merry for everyone by shopping for gifts at home. You will find your local merchants anxious and ready to serve you and by patronizing him you will be doing a double service—one to yourself and one to your community. Try it this year and see how much more satisfactory it is than shopping from catalogs or at out of town stores.

Deer Kill Normal For Past Season

Compared to 1954, the deer kill in the Truckee District of the Tahoe National Forest during 1955 was down considerably, but was up to or exceeded the normal season.

District Ranger Ed Grant reports that 422 bucks 58% of which were forked horns, were validated this year as compared to nearly 700 last year. Last year, however, was far in excess of the average season and as a result hunters were a bit disappointed this year.

Charles Osburn, vice president of the Truckee Outdoor Sportsmen, says he sees no reason for hunters being discouraged and discounted the reports that the herd is becoming extinct. No change in bag limits or seasons should be advised as long as the hunt continues to be normal, he added.

ROTARY HONORS GIRL SCOUT HEADS

Adult leaders of the Girl Scouts were honored at a Ladies Night meeting of the Truckee Rotary Club Monday night at Donner Lake Lodge.

The club sponsors Troop No. 3 and among the leaders present were Miss Grace Donehower, executive director of the Washoe Council and camp director; Miss Dorothy Kalmeyer, assistant camp director; Mrs. Oliver Scow, first troop leader here; Mrs. Frank Giovannoni, charter committee woman; Mrs. Dorothy Rose, troop leader; Frank Giovannoni, Dave Rose, Mr. and Mrs. Daryl Knoefler and Mr. and Mrs. Robert Frank.

Mrs. Donehower showed movies of the camp at Lake Tahoe. Rex Thomas presided at the interesting session.

CALIFORNIA RESTAURANT WILL BE CLOSED FOR TIME

Mr. and Mrs. Tony Polyanich announced that they will close their California restaurant until January 1st, 1956 during the time it is being renovated. The bar belonging to the couple will continue to be open for business. The Polyanichs will combine business with pleasure during the interval.

Loynd Improved—

E. L. Loynd, Truckee druggist, who has been in the Tahoe Forest Hospital for the past several days with a knee injury, is reported to be recovering nicely and friends are hopeful that he will soon return to his store.

Hope For Bridge At Emerald Bay Dims With Report

Survey Being Made; Cost
For Improvement
Is Cited

The highway report requested by Governor Goodwin J. Knight to give a clear picture of what can be expected for the 1960 Winter Olympic Winter Games at Squaw Valley, and submitted last week does not look with optimism upon the completion of a new road at Emerald Bay by that time.

This project has long been desired to correct a hazardous condition there and to make possible a year around highway on the west side of Lake Tahoe.

In his report, State Highway Engineer G. T. McCoy, had this to say concerning the Emerald Bay project:

"The problem of improving State Sign Route 89 between Tahoe City and Tahoe Valley is a difficult one, the critical area being in the vicinity of Emerald Bay.

"The road is closed during the winter months due to snow, and under present highway conditions it would be impractical and extremely hazardous to attempt to keep it open. Any solution to this problem will be expensive and it is recommended that no commitments be made on the improvement of this highway in the vicinity of Emerald Bay until after our studies which are now under way have been completed. These studies should be done in about six months.

"For your information, it has been estimated that roughly \$2,000,000 would be required to reconstruct about 10 miles of two-lane highway or less along the existing location from Tahoe Valley through the critical Emerald Bay area. This would make it possible to keep this road open during the winter months."

The report did not indicate whether or not a bridge would be constructed, even though improvements could be made prior to 1960.

Sportsmen Invited To Present Plans During Regional Meet Nov. 29

Robert D. Montgomery, regional manager of the state fish and game department, has called a meeting for November 29th at 8 p.m. in room 166, State Department of Education Building in Sacramento for the purpose of discussing any possible or suggested changes in the current laws.

At the last session of the legislature, the laws were changed to permit consideration of changes in the game regulations during the April and May meetings of the fish and game commission to permit better evaluation of the hunting season results and wintering of our game populations.

Therefore the meeting this month will consider only changes in the seasons and bag limits and other matters of regulatory nature pertaining to fisheries resources for the 1956 season.

All sportsmen organizations and others interested are invited to attend the meeting.

The meeting will be followed by the commission meeting in January at which time the recommendations will be considered.

SHIP IS NAMED FOR TRUCKEE RIVER

The U.S.S. Truckee, a new Navy fleet oiler was commissioned yesterday in the Philadelphia, Penn., Navy yard.

A silver plaque bearing an engraving of the Truckee River which has its source in Lake Tahoe, was presented to the officers and crew at the ceremony.

The home base of the ship will be at Norfolk, Va., and it operates in the Atlantic Ocean.

Navy oilers are named for U.S. rivers and this is the first to be named for the Truckee which follows its course through Lake Tahoe district, separating the residences in the town of Truckee, emptying in Pyramid Lake, Nevada.

It is a large craft, 656 feet long with a displacement of 38,000 tons. Its first captain will be Capt. J. W. Leveston, Jr.

Mrs. Neva Wilson, Pioneer Resident Expires At Home

Last rites were held on Monday at Nevada City for Mrs. Neva Wilson, pioneer local resident and mother of Judge Fosten Wilson. Rev. Dwight Moody lies of the Methodist Church officiated during the service and interment was in the L.O.O.F. Cemetery.

Mrs. Wilson had many friends in Truckee and Hobart Mills where she lived for many years, with her surviving husband, Frank A. Wilson, and was a former correspondent for the Sierra Sun and Truckee Republican during their residence in this vicinity.

She was born in Nevada City, August 13, 1886 and became an active member of the Native Daughters of the Golden West and the Neva Rebekah Lodge. The latter was named for her when it was organized, when she was an infant. Her interests also included church and community work.

Beside her husband and son, Fosten, another son, LeRoy Wilson, of Downville, and five grandchildren survive.

THANKSGIVING DAY IS 334 YEARS OLD RECORDS SHOW

Although Thanksgiving Day was instituted by the Pilgrim fathers in 1621, or 334 years ago, it has been observed only for the past 91 years under presidential proclamation. It was first designated as Thanksgiving Day 176 years ago when President Washington designated November 26 as a day of general thanksgiving.

Thanksgiving is an exclusive American holiday and is observed only in the United States and its possessions.

The original Thanksgiving was in observance of the first crop harvest by the Pilgrims.

GRASS VALLEY PAIR ESCAPE IN CRASH

Mr. and Mrs. Nathan LeRoy Wilson of 404 Florence Ave, Grass Valley, were counting their blessings after their automobile skidded on icy Donner Grade at Big Shot last Thursday afternoon and plunged down into the rocks 75 feet below, landing on it's top on a huge boulder.

The couple was traveling to see an ill son in Reno when the car got out of control. They were taken to Tahoe Forest Hospital by Dole's Ambulance where it was learned they suffered bruises and were shaken by their experience.

Highway Patrolman Carroll Maynard investigated and said that the automobile had evidently hit the bank on the north side and then whirled around down the cliff.

Highway Patrolman William Gautsche, Maynard and Robert Bouvie helped the Wilsons to the Highway by means of a rope.

"Peek-a-boo" Visit Will Be Held On December 3

Invitations were extended this week to California newspaper, radio and television men, and to local officials for a "peek-a-boo" trip to Squaw Valley on December 3. Purpose of the trip is to give first hand information as to development plans and problems for the 1960 Winter Olympics. The invitation was issued by Bill Cassidy, Placer County Olympics Publicity Committee chairman.

Cavitt in Hospital—

W. M. Cavitt, well known local stockman, is a patient at the Tahoe Forest Hospital.

Tonsilectomy—

Yvonne Brines of Truckee is at the Tahoe Forest Hospital where she will undergo an operation for the removal of her tonsils.

Has Pneumonia—

Mrs. Margaret Walker is being treated at the Tahoe Forest Hospital for an attack of pneumonia.

MOVE TO SUMMIT—

Mr. and Mrs. Henry Piche have moved from their home at Donner Lake to their place of business at Kiski Lodge on Donner Summit.

Boehms Here—

Forest Ranger and Mrs. Pike Boehm of Hat Creek and formerly of Truckee, visited friends and inspected local property here during the weekend.

Tests Show Local Airport Site O.K. For Development

Finances Remain Principal
Block In Suggested
Development

A study of the terrain and flight checks of the proposed airport southeast of Truckee to serve this area have resulted in a favorable report from officials of the Civil Aeronautic Administration. The study and survey were made three weeks ago.

In his report, Thomas E. Flaherty, district airport engineer for the CAA, said in part:

"In general, our preliminary observations indicate that it might be feasible to construct an air carrier airport in the Truckee area. Before definite commitment can be made, however, it will be necessary to obtain additional meteorological and topographical data on the area.

"We believe the topographical and meteorological problems involved can be resolved by good planning and the application of sound engineering principles, which leaves the final obstacle of financing the proposed development."

The official enclosed in his report, charts and maps of the area with a request that refinite surveys be made for further study. These surveys must be financed and handled locally and to date no agency has been found which will assume that responsibility. A meeting in the near future of interested groups will be held to determine the next steps.

Th matter seems to resolve itself down to one vital point and that is whether or not the required financing can be done. It has been roughly estimated by the CAA that \$500,000 would be required to provide a port adequate for scheduled flights.

The report has been turned over to the Truckee Rotary Club and Chamber of Commerce, sponsors of the project.

Traffic Decline Noted In Report

There were approximately 1,700 fewer cars entering California over U.S. Highway 40 during October than during September, but the Truckee department of agricultural quarantine station still reported the second largest influx of travelers among the 16 reporting stations.

The monthly report showed a total of 40,408 cars, 3,637 commercial vehicles and 617 buses with a total passenger count of 139,197, were checked going into the state through Truckee. Yermo in southern California with 62,080 cars, 2,820 trucks and 393 buses, was the only border station to exceed the one here, none of the others having more than half the Highway 40 total.

The October car check here showed a drop of less than 1000 as compared to the 41,381 checked during October, 1954.

The Meyers station on Highway 50 during October this year checked 13,580 cars, 256 trucks and one bus with a passenger count of 33,531, the Truckee passenger count being more than 100,000 over the one on Highway 50.

The drop, as compared with the preceding month at Meyers was over 7,000 but showed an increase of nearly 3,000 over the October, 1954 mark.

PRECIPITATION IN AREA OVER NORMAL

During the past week, as a result of a moderate rain storm, the precipitation figure for the season went over normal with a total of 2.66 inches reported for the month and 4.07 inches for the season. Normal for the season is 3.02 inches at this date.

The temperature has ranged from a cold 6 degrees on the 16th to a warm 56 on the 19th.

Snow was falling heavily Wednesday but the U. S. Forest Service reported only two inches on the ground at noon that day.

Tweetie-Bird Safe

Tweetie-Bird, parakeet has been returned to it's cage at the home of it's owners, Mr. and Mrs. William Campbell after battling the sleet and snow last week on an unscheduled flight from home.

Charles Miller saw the bright colored bird on the fence near the Southern Pacific Hotel, took it to his home where it shared the cage and food of their parakeet until the owners were found.

EXTRA DIVIDEND

An extra dividend of 15 cents per share on Bank of America's common stock was declared today (November 15) by the board of directors meeting in Los Angeles. The extra dividend will be payable December 28 to shareholders of record, December 7.

THE PASTIME

Cleo Klein On Highway U. S. 40 Truckee, California

and snow-drizzle, the Tahoe weather on Friday turned into a light rain. Thermometers, within a very short time, climbed from freezing temperatures to almost summery warmth. This sudden change, of course, brought the usual hard luck to the custodians of Tahoe City's Public Utility facilities. During the freezing weather several careless residents had locked up their houses and made a rush for lower altitudes, without any concern as to draining and turning off their water. However, they are likely to be concerned plenty when they return in the spring — or in the holiday season — and plumber's bills begin to climb, like thermometers, because of pipes that broke when the thaw-weather caught up with the freeze. At present, the Utility custodians are rushing madly to and from the pump station to fill the emptied reservoir, and along all the private lines to shut off water from pipes that were left to freeze and break.

First Snow
On Nov. 13th the first snow of the season started falling very slowly and lightly, but before that day was over there was a little more than the specified six inch depth piled up in front of the Tahoe Inn, which depth brought the prize to the lucky winner in the annual snow pool date-guessing contest. The snow pool money, which had accumulated this time to more than eighty dollars, was awarded to Tahoe City's old time riding concession operator, Bob Scates, who had placed his guess on the lucky 13th. Bob had already taken his horses out for the winter and pastured them among the green fields of the Valley country.

Lake Level
During the past week, from Saturday to Saturday, weather observer Art Frodenberg recorded a total snowfall of 26½ inches, with a precipitation of 1.50 inches and measurement for the lake's water at this time stood at 6224.78 above sea level. By this Saturday the snow level at the measuring ground had shrunken to 16 inches. The barometer was rising toward fair weather once more and the thermometer on our back porch pointed to 60 above at mid-day.

Mournful Alarm
During the past week the Tahoe City Fire Department have acquired a new fire alarm which is neither a whistle nor a siren. The firemen have tried it out in a couple of practice soundings, and the loud noise it makes sounds a great deal like a fog horn, - heavy and mournful. The horn, with its accompanying apparatus, is said to have cost around \$800, which seems quite a nifty little sum to pay for a fire alarm horn. The telephone service and connection for the alarm system alone costs the Fire Protection District \$8.90 per month.

Timber Sold
A report here this week by Forest Supervisor L. A. Rickel of Nevada City states that 54,600,000 board feet of Tahoe National Forest saw timber has just been sold to the Cal-Ida Lumber Company at a price of \$724,240. Rickel said it will take about five years to fully complete this sale in all its details.

School Meet
On Nov. 15th, the Tahoe-Truckee School Unified District held its monthly meeting in the Tahoe Lake school auditorium, where at this time the separate committees met for business discussions. Later the whole attendance joined in a recreational hour to view a motion picture reel presented by the Kings Beach School principal, M. Bissio. The movie pictured a very scenic trip to Alaska. After the entertain-

Ridgway Gillis Retires As Highway Engineer

SACRAMENTO (CNS)— The state department of public works announced that Ridgway M. Gillis, deputy state highway engineer, will retire November 1 after 26 years of service with the California division of highways. Gillis has held positions of broad responsibility in the statewide highway construction program. He joined the division in 1929 as a construction engineer. He moved to division headquarters in Sacramento in 1938. In 1950 he assumed the position he now holds.

ment the Tahoe Lake teachers served coffee and doughnuts to the attendance, and announcement was made that the meeting of the P.T.A. formerly scheduled for the following evening here, had been postponed to the 1st of December.

Birth Dates
Within the past ten days several birthdays have been celebrated in this vicinity. First among them were the anniversaries of Mrs. Solweig Beavers and her small daughter Nancy Ann. Their birthdays occur three days apart and the annual celebration was honored jointly. Mrs. Beavers prepared a festive turkey dinner and elaborate birthday cake for the occasion. Special guests were Nancy Ann's maternal grandparents, Mr. and Mrs. Sigvard Ronning, who were house guests of the Beavers from their home in middle California.

Celebrates
Harold H. Farr of this city celebrated his birthday on Monday, November 7th. A special birthday dinner was given in his honor earlier by Mr. and Mrs. Malcolm Fox, and was enjoyed at the Pfeiffer House Cafe here. It was a scrumptious steak dinner, topped with a decorated birthday cake presented by Tahoe City bakers, Mr. and Mrs. Leonard Bury. On the evening preceding his birthday Mrs. Farr celebrated in her husband's honor with a special chicken dinner in the Farr home. On this occasion guests were her parents, Mr. and Mrs. C. W. Vernon. The Farris plan to spend the Thanksgiving holidays with friends in Oakland.

In South Africa
A communication received this week from the Fred Kilners' of Tahoe, on their world tour by plane, stated that the pair are now seeing the sights in South Africa. They say it is now early summer in that country, and the weather is perfect. They describe Johannesburg as a very up-to-date and progressive city. Kilner said he made up his home-town Rotary club absence along the trip so far by attending in the following places: Paris, Copenhagen, Nairobi, Rosebank and Johannesburg.

Visit New Orleans
We recieved a message this week from New Orleans, from two other pairs of Tahoites who are touring their own United States this winter. They are the Charles Spauldings and Mr. and Mrs. Red Trapp of this city. They say they are enjoying New Orleans, but will be leaving there right away for Florida. After a short stay in that state they plan to visit for a while in New Jersey, and stop off on their way home for a bit of sight-seeing in New York. They describe how on their way out toward the east they ran into snow in Texas— (of all places!), but they say the weather has been wonderful everywhere else. However, they make it very clear that they are all going to be very glad to get home to Tahoe once more.

Tahoe-Truckee School District News

KINGS BEACH SCHOOL

Kindergarten and First Grade: Following a discussion on books for National Book Week, some of the children who brought books to school to share with the class included Peter Powell, Wendy Howell, Carl Christiansen, Susan Clackett, Cathy Rockholm. On Friday everyone made a picture of his or her favorite book.

Second and Third Grade: This week we observed National Book week, each child read a story book. We have been taking turns giving an oral report to the class. The following children have given their reports: Arthur Waddell, Estelle Draney, Vern Wing, Phil Thompson, Ronnie Baker, Amy Arndt, and Beverly Bergman.

The following children donated books to our classroom library: Phil Thompson, Vern Wing, Marlea Drandy, Darryl Lausche and Leta Laborde. These children were tired of these books, but the other children in our room appreciate the new selection very much.

The Third grade had an arithmetic test Friday. The following children got one hundred percent in the test: Alton Clotter, Penny Cassidy, Marlea Draney, Ronie Baker, Estelle Howell, David Mills, and Elizabeth Omlor.

Fourth, Fifth, and Sixth Grades: As part of National Book Week the children shared their favorite books with the members of the class.

More film addressed to Bud Robertson, arrived from the General Electric Corporation this week. Bud's group consisting of Paul Franklin and himself are studying

about the aviation industry in California.

The group on oil study also received information in the mail. Alan English, leader of the group, along with Ric Molsberry and Daryl Brooks, are locating and reviewing information about oil from some of the major oil companies.

This week plans were made to visit the state museum.

Working with the district's take a field trip to Carson City to opague projector members of the dairy industry group drew a life size reproduction of a hen and labeled the important parts. This they colored and presented to the class. Participating in the work were Joanna Johnson, Evelyn Trent, Suzie Lucas, Virginia Baker and Carol Scheffek.

Meeting Thursday night the P.T.A., under the direction of Mrs. Leona Graton discussed plans for the room Christmas parties and also ideas for the Christmas pre-

sentation by the children for the parents. The 15th of December was set aside for the evening program, which will start at 7:30.

TAHOE LAKE SCHOOL

First Grade: During social studies period Tahoe Lake first graders decided they were old enough to help mother and daddy after school.

First and Second Grades: We made two tablecloths this week. One shows a Thanksgiving dinner as we have it now. The other shows Thanksgiving Dinner as the Pilgrims might have had.

Jeff McLane, Julianne Bechdolt, Peggy Legett, Kathy Wilson, Donald Stowe, Catherine Connors, Paul Cincotta, Susan Wright, Christine Litke and Joyce Anderson have finished their reader and now have a new book.

Third and Fourth Grades: The Third and Fourth opened their new Social Studies unit with a trip to India, North to the Himalayas, and then to the top of Mount Everest with John Hunt.

Fifth and Sixth Grades: The fifth and sixth grades are making poems and are sharing them with the class.

Those who received top grades in Arithmetic were Danny Connors, Sandy Fellows, Janet Verner and Suzanne Sprague in the fifth grade.

Sixth graders were Ronnie Faughn, Nell Ellis, Fred Heggie, Jeri Grinstead, Karen Grahn, Victor Sartor, Joan Nickelson, Sharon Quinn, Jeanne Spitsen, and Wayne Poulson. We are finishing our study of Argentina, Uruguay, and Paraguay today by a test.

TRUCKEE ELEMENTARY

Kindergarten: We have had many absences due to colds, so now when we count "how many people", for milk we can't count much farther than twenty-three.

First Grade: The first grade has almost completed its first arithmetic workbook.

Karen Hedlund and Lenny Vind are having their tonsils out this coming week. Karen Hedlund had a birthday party on Friday.

We dramatized the story of the Three Billy Goats on Thursday. Bruce King, Timmy McLane, Linda Carter, Nickie Kenyon and Russell Glenn played the character parts in the play.

Second Grade: In Arithmetic we made individual flash cards to help us learn our number combinations. Those who have finished one arithmetic workbook and are beginning another are: John Sturcke, Julie Knoff, Dawn Maynard, Doug Nelson, John Besio, Larry Digesti, Posten Wilson, Diana Pankoke and

Ricky Ralphs.

We are glad to have Monty Straub back again.

Third Grade: The third grade have finished the combination sums of fifteen through eighteen and are starting on subtraction.

For spelling we are making a chart of words and their meanings.

Fourth Grade: People who are continuing to do well in their progress tests in arithmetic processes are: Leilani Braasch, Ronald

SCHOOLS Cont. (Truckee Ele.) Brown, Jamie Hamilton, David Notley, Wayne Arterburn, Toni Hallett, Jim Randall and Sylvia Clark.

We are ready to begin work with our fours in multiplication.

Fifth Grade: We are making progress in arithmetic. We have just formed new groups. Gary Brines and David Pankoke are group leaders.

We have also assigned study helpers to assist pupils in overcoming their weaknesses in arithmetic. The study helpers are: Gene McGihon, Lloyd Kunkler, Fred Steele, Dennis Whitneck, Joe Straub, Joe Parkhurst and Janice Roth. Michael Miller is in charge of the student assistants.

Sixth Grade: Because there was a need for learning the reading of arithmetic we have been studying what different phrases indicate in problem solving.

Gene Miller, Pam Freeman, Kathleen York, Barry Leamon, Karen Smart, Dee Dee Frates, Terry Walker, Jimmy Osburn, Mike Armstrong, Vickie Firpo, Terry Ellis, Olivia Montano, Pat Freeman, Linda Giovannoni, Donna Reynolds, Patty Finnegan, Charles Glenn, Francie McGwinn, David Ayala, Dana Hamilton, J. C. Robertson contributed good problems.

Gannett Peak, 13,858 feet, is the highest point in Wyoming.

Tahoe City

NORTH TAHOE

By JUDGE HARRY CHARRISON

Community Club

The North Tahoe Community Club met last Thursday night, and many items of vital interest to the area were discussed, among them the revival of the council of North Tahoe Organization, which has been laying more or less dormant for some time. The first year or so that it was active, many items were carried out that was beneficial to the whole community, and can be again with a little effort. Officers for the year were elected among which Fred Schultz was re-elected president; Gene Thompson, vice president; Mrs. F. Wiley, Rec. Secretary; Peggy Rhodes, Corresponding Sec; Emma Cope Treas. It was reported that a skating rink will soon be in operation in the very near future, which will be a boon to all skaters young and old.

Out for a Spell

Earl and Mrs. Gray realtors of Kings Beach have left for their home in Oakland where they will stay for the winter. Earl recently returned from the east where he visited his mother who is ailing.

Another Buck

Talking of Buck Stew, the wife and I are fortunate enough to attend a delightful dinner at the home of Ruth and Dick Lavery, Julius Gold, Bud Rabaska, our new deputy, Kenny Lavery, and Eddie Aquilina, who did the cooking, were also present.

Weather

It's Sunday morning and the rain is coming down pretty fast. In fact the comparatively heavy snow that we had the first part of last week is disappearing quickly, but it was wonderful while it lasted. The temperature now at 9 A.M. is 40, the roads all over are as clear as on a summer day. This is partly due to the excellent job that Frank Wagner, foreman for the of Placer plow department, did in clearing our county roads.

Lions Party

Members and ladies, yes, and their guests of Lake Tahoe Lions

Club, coupled with a large delegation from South Lake Tahoe, combined a Thanksgiving and Christmas party last Tuesday night at the Tahoe Biltmore, with Bob Vernon manager of that establishment being host to the group. It was one of those unforgettable nights with fun and good will prevailing. Vernon provided a cocktail hour from 7 to 8 at which time a delightful dinner in the form of prime ribs and all the trimmings was served. Entertainment was provided to the delight of all.

Passed With Honors

Talk about enthusiasm. Just had a letter from Joellyn Ashton, and says she has just finished exams and passed every one. Jo as you probably know is at the College of Nursing at the Holy Cross Hospital in Salt Lake City.

The Hunt is On

We sent a few pheasant hunters off with best wishes, but up to Sunday noon have not seen any on our door step. Of all the birds this is the queen of them all. I think there should be Turkey hunting. Boy, wouldn't that be something.

Travelers

Mr. and Mrs. (Red) Waddell of Kings Beach have recently returned from a wonderful trip through the U.S.A. from one end to the other, taking in Las Vegas, San Antonio, Texas, New Orleans, Florida, North Carolina, New York City, and our old play ground Niagara Falls, Ontario, Canada, also making Chicago, and Wyoming. At Salt Lake City they spent a Sunday with Joellyn Ashton and had, according to both Jo and the Waddells, a glorious time. During the vacation, Mrs. W. G. Waddell, mother of Red, stayed to take care of home and son and daughter. The driving distance was about 10,000 miles.

Lucky

Well, what do you know, Sunday night Dick Lavery called and said he got the limit of pheasants, and then Dave Ashton called and told us the same thing. But the best of it is we received a pheasant from each one.

Lucky Again

It has just been figured out who won the snow pool of the Lake Tahoe Lions the lucky guy was Lion

Charles F. Berlenbach, Jr., Telephone Manager in Truckee

WHAT'S DOING

NEW CABLE STRUNG BETWEEN TAHOE CITY AND SQUAW VALLEY

A new cable installation has just been completed which will replace exchange aerial wire on the Truckee-Tahoe City Toll Lead with exchange cable to Squaw Valley Junction. This project involved placing 19,000 feet of cable along the route from Tahoe City at a cost of \$15,500.

This installation is needed at this time in order to meet additional facility requirements which will be created in connection with the 1956 United States Alpine Championships which the National Ski Association has scheduled for April at Squaw Valley. It will also improve the grade of service of the residents in that area.

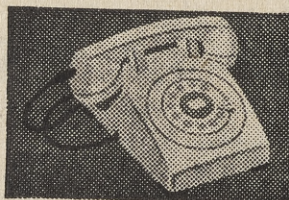

When the International Olympic Committee has completed their preliminary plans, facilities will be provided to meet ultimate requirements for Squaw Valley.

This project is one of the many in progress to give our fast growing areas more and better telephone service.

Christmas gifts everyone in your family will enjoy

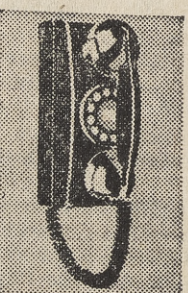

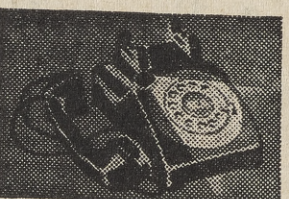

Time sure flies, and Christmas is almost here again. So why not take a minute out right now and go Christmas shopping for your family. Below are some of the telephone gifts from which you can choose. They'll bring new pleasure to your home not just at Christmastime but every day of the year.

Color phones: For added beauty and convenience in every room you use a lot. Come in red, ivory, brown, green . . . blue, beige, yellow, or gray. Also in two-tone combinations. Mom, especially, would be pleased with an attractive gift like this.

Speakerphones: You can use this remarkable new hands-free telephone without lifting the receiver. Talk conveniently through the miniature microphone. Hear at a distance through the loudspeaker. Can be used like any other phone, too.

Illuminated dials: When you lift the receiver of this special telephone, the dial lights up automatically. Dialing is easy for you even in total darkness. Just the thing for bedrooms and any other dimly lit place.

Wall phones: Here's something no modern kitchen should be without. Dad would find a wall phone handy in his workshop, too. It's "out-of-way" when you're working yet is always easy to reach. Take your choice of attractive colors.

These are just a few of the things now available to make your telephone still more useful and attractive. When you've made your choices, call your telephone business office and talk it over. You'll be surprised how little it costs to give these unusual yet extremely practical gifts. And if you call now, you'll be sure to have them in plenty of time for Christmas.

Zoning Of Flood Lands Is Recommended By Joint Water Committee

SACRAMENTO (CNS)—Zoning of potential flood lands in California to prevent loss of life and property damage was recommended in a report released by the state department of public works. The report stated that "a serious problem exists in many areas of the state as a result of the encroachment, particularly by subdivision developments, on flood plain lands adjoining rivers and streams."

Establishment and enforcement of zoning regulations by county and city governing officials to restrict use of flood plain lands was called for.

The report, prepared by both federal and state agencies, recommended that local authorities prevent habitation of such areas.

The agencies, which included the state division of water resources, the corps of engineers, the bureau of reclamation, the state real estate commissioner, and the state reclamation board, pointed out that city and county governing bodies have authority under present law to establish such zoning regulations.

"Unless there is adequate regulation of this (subdivision) development, serious property damage and personal loss may result," the report warned.

Director Issues Warning On Unvented Gas Heaters

With the coming of the cold season, Director of Industrial Relations Ernest B. Webb issued warning to all state residents on the dangers of using unvented gas heaters.

"Many men, women, and children die helplessly each winter," stated Webb, "the victims of carbon monoxide poisoning or burns received from open-flame unvented heaters."

Having all heating equipment checked and adjusted prior to placing it in use is a life-saving precaution. There are a few other simple rules to follow — leave windows open to admit a sufficient amount of air — before retiring, turn off the heater — do not use the oven for room heating. Besides, such equipment creates an unhealthy, humid condition within a room.

Webb today strongly recommended that all city and county enforcement officials inaugurate an inspection program prior to the winter season, and that each person cooperate by taking the necessary precautions.

More than 8,000 mineral specimens are displayed in the California Division of Mines Museum in the Ferry Building at San Francisco.

Johnny Langhane of the Sparks Club and the prize was \$100. Pretty good pickings I would say.

Chain Racket

It was reported to me by a very prominent Kings Beach citizen last Sunday upon coming back from pheasant hunting, he stopped at a service station just a mile or two west of Donner summit, where they were selling tire chains, and putting chains on. They wanted \$15.45 for the chains but would not sell unless they could attach chains, naturally the party refused to buy, there was at least a dozen cars having chains put on. The road over the summit coming down was dry. It is nearly time this chain racket was stopped. It is getting altogether too disgusting.

More than just a policy

STATE FARM PERSONALIZED CLAIM SERVICE

Wherever you are, if you are involved in an accident, a State Farm representative is nearby to help you. If it happens near home, the agent who wrote your policy will give you fast, friendly assistance. Away from home — there are nearly 8,000 agents and claims representatives across the country ready to help you.

**NOTICE FOR
PAYMENT OF
COUNTY TAXES**

The taxes on all personal property secured by real Property and one half of the taxes on all real property for the fiscal year beginning July 1, 1955 and ending June 30, 1956, will be due on November 1, 1955 and will be delinquent on the 12th day of December, 1955 at 5 o'clock P.M. and unless paid prior thereto six per cent will be added to the amount thereof. The remaining half of the taxes on all real property will be payable on and after the 1st day of February, 1956 and will become delinquent on the 10th day of April, 1956 at 5 o'clock P.M. and unless paid prior thereto six per cent will be added to the amount thereof, together with a further charge of \$1.00 for each lot, piece or parcel of land separately assessed and for each assessment of personal property.
All taxes may be paid at the time the first installment as herein provided is due and payable.
Taxes are payable at the Treasurer's and Tax Collector's Office, Nevada County Courthouse, Nevada City, California.

**Member Of Pioneer
Local Family Writes**

Robert C. Shinn, member of a pioneer family of Truckee wrote from Kent, Washington and included an early picture taken in 1878. Shinn wrote that his father, William, had a drug store at that time and that his oldest sister, Roberta, who is now living at Des Moines, Washington, was born here. The writer included the fact that his parents took a steamer in December of 1878 for Seattle and the White River Valley where they lived 4 years before settling at Kent which was then called Titusville. They bought the White River Hotel there, where Shinn was born. The picture showed a section of Truckee during the rebuilding, after a disastrous fire.

**DANGEROUS DAYS
FOR PEDESTRIANS**

SACRAMENTO—Dangerous days for pedestrians are just ahead says the California Highway Patrol. This statement is based on the fact that each year November and December are high accident frequency months for pedestrians. "During November and December, 1954, there were 2,187 pedestrian accidents in California, resulting in death to 157 persons and injuries to 2,022," said Commis-

Vern Cline, Reno High School ski coach, president; Gerald Hasty, Bishop coach, vice president, and Sheldon Varney, South Tahoe coach, secretary-treasurer. The 1955 schedule includes: January 7th—Leevining giant Slalom. January 14th—Cisno jumping and cross country.

**Reno Man Plans To Live
On Nature's Provisions**

RENO—Fred Smith, a 21 year old former railroad worker, says he plans to spend a year in the Sierras with nothing but his gun, a knife and a sleeping bag to help him survive. Terming himself an amateur scientist, Smith said he wants to show that a man can brave the sioner B. R. Caldwell. "This is partially due to the additional number of pedestrians on streets during the evening shopping hours and the wearing of dark clothing during the fall and winter months," Commissioner Caldwell added. The primary pedestrian actions causing accidents are "crossing street, not at an intersection; crossing at intersection, no signal; and walking in roadway." It is obvious that pedestrians, as well as motorists, must obey the traffic rules to avoid traffic accidents.

Alaskan Films Shown At Brockway Rotary

KINGS BEACH—The regular meeting of the Brockway Rotary Club held at the Crystal Restaurant on Monday night, proved to be one of the finest meetings of the season.

After President Bill Randall has called for the introduction of guests he turned the meeting over to Program Chairman Hank Dodd. Dodd introduced R. E. Besio, principal of the Kings Beach Elementary school who presented a film of his trip through Alaska, during the summer of 1955 when he was accompanied by 12 Explorer Scouts and under the guidance of Father Hubbard, the famous Alaskan explorer.

The pictures were in color and it is beyond one's ability to describe them. The club is looking forward to seeing more of Besio's pictures in the future.

Postmaster Exam Will Be Held At Brockway

BROCKWAY—The United States Civil Service Commission has announced an examination to fill the position of fourth-class postmaster for the post office at Brockway, California.

The annual salary for this position is \$2768. Applicants must actually reside within the territory supplied by the above-mentioned post office and all applicants except those entitled to veteran preference must be at least 21 years of age. There is no maximum age limit.

Full information and application forms may be obtained at the above-mentioned post office or from the Commission's Washington office. Applications must be filed with the U.S. Civil Service Commission, Washington 25, D. C., and must be received or postmarked not later than December 13th, 1955.

Bartell Resigns As Tahoe Rotary Head, Leaving For Nevada

TAHOE CITY—Before his resignation, tendered regretfully last week, Vernon Bartell presided over his last meeting as president of the Tahoe City Rotary Club on Tuesday night, at Bacchi's Inn, Lake Forest.

Bartell, who had been in charge of distribution for the Standard Oil Company here for a number of years, has been transferred to Reno where he will hold a temporary office position, pending a higher and more permanent one later. The transfer came at this time for special health reasons, because of an injury to his back recently while handling heavy drums of gasoline.

There being no after-dinner program at this meeting, the general discussion centered on the district governors visit to this club at the previous meeting. Later the election of another president to replace

Bartell was discussed, and it was decided to elect this replacement at the next meeting.

As a farewell honor Bartell was presented with a large cake that served the entire gathering of 28 members and visitors. He was given a standing vote of appreciation for his four and a half months service as the club's president.

Harold Farr, who had just had a birthday, paid \$5 for a miniature cake and a happy birthday song.

Howard Baker, a constant visitor to this Rotary all summer, had

his neighbor, Chester Hunt, of the Rubicon area as his guest, while Basil Kehoe brought as a guest Bob Heffner of Sacramento.

Dan C. Mawhinney whose home is Tahoe Pines sent an address change to Cathedral City.

CARD OF THANKS

We wish to thank the Truckee Volunteer Fire Department for their prompt response to our house on Tuesday.

LIFE is a PILGRIMAGE ...to WATER

The population growth of a community can not continue beyond the ability of the community to supply its people and industries with water.

A good water supply system therefore is a part of every realistic community plan for the future.

Your District is proud of its part in assisting in making possible the continued growth of the Truckee Area.

Your District is constantly seeking new sources of supply and planning for additional storage facilities. 200,000 gallons of storage capacity has been added during the past 5 years.

Word Is Received Of Death Of Former Lake Tahoe Realtor

TAHOE CITY—Many friends in this region were saddened when news reached here during the past week of the passing of an old time Tahoe resident, who in past years spent many summers in and near Tahoe City. He was Lt. Col. Arthur P. Crist, retired from the Marines, and judge advocate for the 12th Naval District.

Colonel Crist was suddenly stricken during the California-Oregon State football game, held in the vicinity of his Oakland home a week ago Saturday. Funeral services were held three days later, and interment followed at the Chapel of Memories.

The deceased was a native of Washington D.C. He was a graduate from the U.S. Naval Academy, and also the Georgetown University School of Law. He served at Mare Island Navy Yard during World War One. At the time of World War Two he served in this capacity for the 12th Naval District. He was for some time a member of the Alameda County Grand Jury.

He is survived by his wife Katherine, three sons—Arthur Jr. of Piedmont, George, of Berkeley and Raymond of Lafayette besides twelve grandchildren.

GIRL SCOUTS ASKED TO JOIN COUNCIL

At the meeting on Wednesday, in the Truckee Elementary School, the opportunity for Truckee-Tahoe City-Kings Beach Girl Scouts to join with Carson City, Yerington, Fallon, Reno and Sparks on a "trial year basis" in the formation of a new council Jurisdiction was discussed.

Miss Norma Northberg, national field staff of Girl Scouts, explained the services to be received from affiliation with a Council.

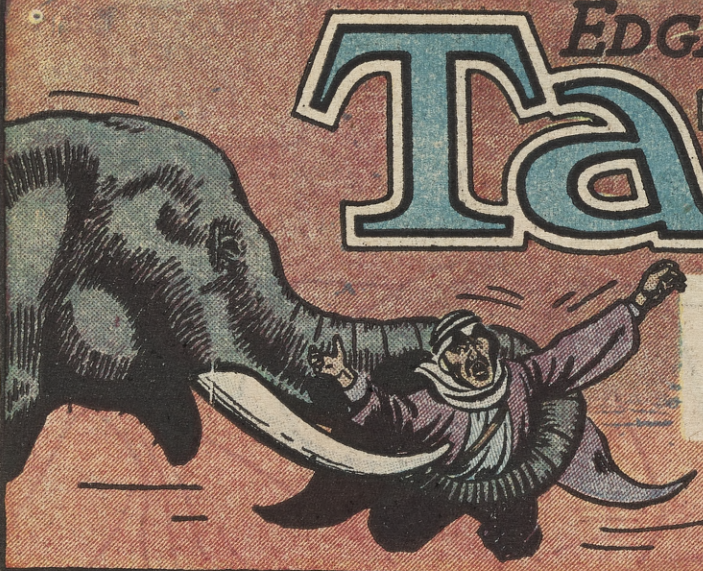

Some of the services, including a professionally trained field consultant, were: summer camping for girls at Camp Wasiu, Meeks Bay; troop and day camping; inter-troop activities; opportunity to send a representative to National and International Girl Scout activities; planned growth and progression in Brownie, Intermediate, and Senior troop program; leader training and advisory service to leaders. This area's apportioned share of the expense would be raised by voluntary contributions.

Since neither Tahoe City nor Kings Beach sent representatives to this meeting, Miss Northberg offered to hold another meeting with them. Mrs. Fred Pedley and Mr. Ed Grant will represent the Truckee group.

Return—

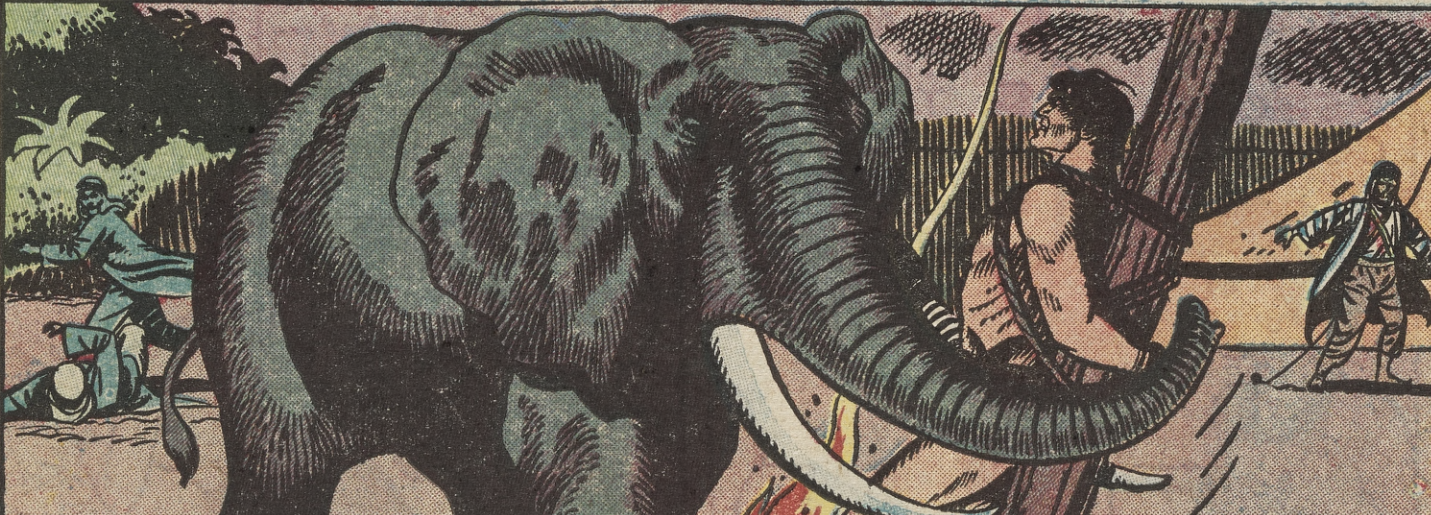

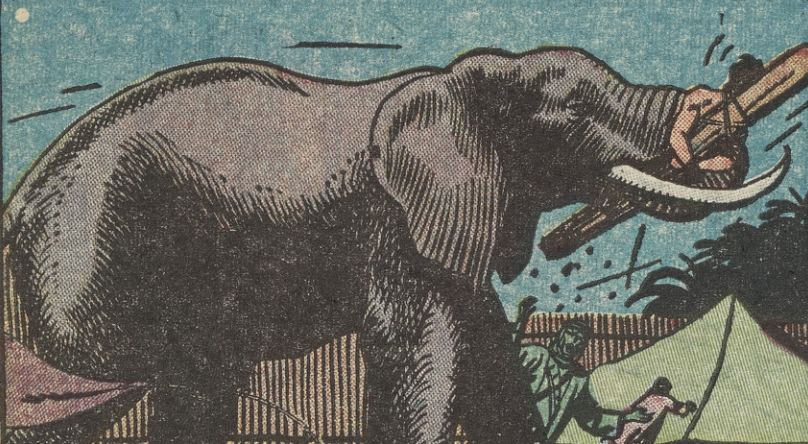

The Max Bretzfelders returned to Tahoe City from a month's stay in Hollywood.

EDGAR RICE BURROUGHS' **Tarzan**

TANTOR, THE ELEPHANT, RAGING AND FURIOUS, CRASHED INTO THE ARAB VILLAGE TO SAVE TARZAN FROM BURNING.

TRUMPETING WILDLY, THE HUGE PACHYDERM LUMBERED THROUGH THE FLAMES AND WRAPPED HIS TRUNK ABOUT TARZAN AND THE STAKE. HE TORE THEM BOTH FROM THE GROUND--

THEN, LIFTING HIS BURDEN HIGH, HE WHEELED ABOUT IN DEFIANCE.

THE SHEIK ALONE STOOD IN TANTOR'S PATH AND FRANTICALLY FIRED HIS RIFLE--

11-27 1290

BUT THE MADDENED BEAST PLOPPED ON, UPSUCCESSING ANYTHING IN ITS WAY. THE SHEIK SCREAMED AS THE GIGANTIC FEET CRUSHED HIM.

THE TWO COMPANIONS HEADED FOR THE SHELTER OF THEIR JUNGLE--TARZAN WAS FREE!
